Desir	ed outcomes and how they will be measured	Success criteria							
A	Social, emotional and mental health issues- All staff understand what health and wellbeing is and its fundamental importance in equipping children and young people to live a healthy and happy life in the 21 st Century All children are provided with maximum opportunities to acquire knowledge, understanding and skills which they can apply effectively and with confidence to help them live a happy and healthy lifestyle. Measured using Children's Society Good Childhood Index Questionnaire	Inclusion of wellbeing provision is a key focus in the school improvement plan. The Children's Society Good Childhood Index Questionnaire (measured on a Scale from 0 to 10 where 0 means 'very unhappy' and 10 means 'very happy') will show an increase in scores for our disadvantaged pupils.							
В	Attitude to learning- Children will be confident learners with positive attitudes to learning. Pupils know what their next steps are in learning and how to achieve this. Pupil interviews/assessment data/pupil progress meetings								
	Low self-esteem- Children will demonstrate increased confidence and independence in the classroom. Strength and difficulties questionnaires (SDQ's) / pupil progress meetings.	Children will feel valued and important members of the school community. Pupils will show an increased responses and contributions in class. Children's SDQ scores from home and school will show an improvement in attitudes and behaviour at home and school.							
С	Academic ability – READING- Disadvantaged pupils will make 3 points progress in reading from their starting points.
