

Kites

Home Learning

Week

1 June 2020

Hello Kites

Welcome back to the final term of the year.

Fingers crossed the weather will stay sunny and you will be able to do some of your learning outside in the garden. We are focussing on NATURE.

We are going to be using MyMaths again this week so I hope you all have your login details somewhere safe.

Email me with any questions and I will get back to you but might not be straight away and of course I will call you if you would like a chat.

Mrs Henshall

Maths

These activities must be completed throughout the week:

- Fluent in 5 Sheet - **daily**
- 5 Minute frenzy—**These are on the Key Information Page**
- **TTRS—Go on and practise your tables**
- Arithmetic
- **My Maths—** addition and subtraction skill. Remember you can do the calculations on a piece of paper before you put the answers in.

English:

Spelling and grammar

Spelling:

Pgs 72 & 73—hyphenated words

Grammar:

Pgs 12 & 13—Pronouns and Relative Pronouns

A pronoun replaces a noun

Eg **the book** becomes 'it'

English: Writing

Use the resource called **Flying**

Word Investigation: **Trajectory** and **Relentlessly**

What do you know about **adverbs**? What do we use them for?

Do the sentence challenge work and the Sick Sentences work.

Write a description of a bird—this could be a bird in your garden or one you have seen in the sky. Think about what it is doing and how it is doing it? Try to spend time watching a bird closely as it finds food, flies, walks around, sits on a branch.

English : Reading

<https://literacytrust.org.uk/family-zone/9-12/book-hopes-for-children-during-lockdown/>

This is a free book. It is a collection compiled by Katherine Rundell and has many famous authors.

I would like you to start with the first piece in the book called **A Song of Gladness** and then do the comprehension questions.

Nature Learning

The Wildlife Trust are setting a challenge this month called 30 Days Wild.

I have attached the pack onto the school website. Their website has other challenges and activities to help look after nature and ourselves.

<https://www.wildlifetrusts.org/looking-after-yourself-and-nature>

They have a great selection of webcams that show animals in the wild! Take a look:

<https://www.wildlifetrusts.org/webcams>

They even have a YouTube channel with videos posted every Wednesday!

Art:

**Some artists create art from nature.
One of them is Andy Goldsworthy.**

<https://www.slideshare.net/nivaca2/andy-goldsworthy-for-kids>

Watch the presentation, then create your own piece of art inspired nature

Science – To be completed over 2 weeks

Over the next two weeks we are learning about melting and freezing.

Look at BBC bitesize to remind yourselves of the three states of matter and how materials change between the three: <https://www.bbc.co.uk/bitesize/topics/zkgg87h>

Complete the melting and freezing sheet attached.

Here is a fun, little experiment to try. Can you pick up an ice cube by laying a piece of string on top? What could you do to help it along? I've attached a sheet of instructions to guide you through the experiment – Ice cube experiment.

Please can you write up your results and conclusion in your red book.

Keeping active:

<https://www.youtube.com/watch?v=d3LPrhI0v-w&safe=active> The Body Coach

<https://www.youtube.com/watch?v=tWSgNEs4IPg&safe=active> Yoga
<https://family.gonoodle.com/> Dance

Other Activities (If you choose)

J K Rowling has published a new story called The Ickabog free to read online! She is releasing a chapter everyday. You can also take part in the illustration competition! Enjoy :-)
