

English

Write a funny or interesting story using as many of the **tricky words** as you can.

Ospreys - Autumn 1

Homework projects

Hand in by

Friday 18th October 2019

Maths

Work on the task attached.

Art

The artist we are studying this term is Steven Wiltshire. He is a British architectural artist. Can you find out about him and write a fact-file or draw an interesting local building to make your own piece of architectural art?

Geography

The Anglo-Saxons came to Britain because it had useful resources. Can you make a model or draw your own settlement and explain why it would be a good place to live?

PE

During our Up & Under sessions, we are learning to play football. This will test our ball control. Using any type of ball, can you practice dribbling, kicking or passing? Maybe you could bring in a photograph of your progress.

Weekly homework

Read 5x a week and record each day in your reading record.

Practise your spellings so that you are ready for your test on a Friday.

Practise your times tables ready for tables races on a Thursday. Don't forget to use Times Tables Rock Stars each week.

You could also practice our Harvest songs so we are ready to sing beautifully during our Harvest celebration!
