Citizenship Award

By Brook Valley's Citizenship Award has been written by the children as part of the work they do in House Parliaments. Parents also contributed their ideas through Parent Forum.

The aims of our Citizenship Award are:

- To enjoy, celebrate and encourage all that makes childhood special
- To value activities which are fun but also help children to learn more about themselves, others and the world around them
- To encourage children to become part of a group, working towards a common goal
- To encourage children to think about the needs of others within and beyond their local community
- To support children in taking action to support themselves and others

The Awards

There are three Awards that children can aim for; **Bronze, Silver and Gold**. Children do not need to do these in any particular order. For instance, children may get the Silver or Gold Award before they complete their Bronze. This is because the different Awards recognise and value different kinds of citizenship.

We will support the Awards at school but to be successful, your child will also need your help. We hope you will feel able to support this initiative. Upon completion the children will be presented with a badge in Celebration Assembly, which they can wear on their school jumper.

Past Achievements

For the school year 2014-15, children may submit evidence towards the Silver and Gold Awards that spans the last twelve months. In this way we can further recognise and give acknowledgement to them for some of the great fundraising initiatives they have been part of.

Bronze Citizenship Award

This level is about having experiences that will enrich childhood and be fun!

What You Need to Do

To achieve a Bronze Award you need to **complete 30 tasks** from the lists below. There are a minimum number of tasks that have to be completed from each column, but you can make the total up to thirty by selecting more tasks from any column you wish.

As you complete a task, ask an adult to **initial and date** next to it. You will also need to have some other evidence for at least 10 of the tasks such as a photograph or a drawing of you doing the activity. You could put these in a little book or save them electronically to be emailed into school when you have completed the Award.

Getting the Award

Evidence of completion should be given to the **class teacher** who will check everything and then nominate you for the Award. This will be presented in Celebration Assembly.

Silver Citizenship Award

This level is about growing as a citizen in your local community. You do not need to have completed the Bronze Award to get the Silver Award.

What you need to do

To achieve this award you need to have evidence to show that you have met **three** of the following criteria. If you feel that you have done something that is not on the list but feel that it should be recognised as part of the Silver Award you need to speak to the Headteacher.

What evidence do I need?

This could be a signed note from the leader of a group, a letter of thanks from a charity, a letter from parents etc. It is anything that shows you have successfully met the criteria.

Getting the Award

Evidence for completion should be given to the **headteacher** who will check everything and then nominate you for the Award. You can present one piece of evidence at a time or wait until you have evidence of three different activities. Once the Headteacher has seen all three you will be presented with the Award in Celebration Assembly
