

### Maths:

In this weeks MyMaths tasks you will be tackling statistics and your CanDo activities will be recapping angles and perimeter.

*Extra activities to challenge you:*

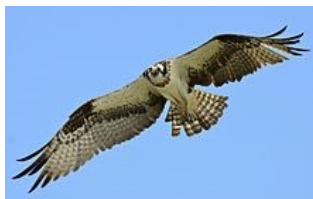

- *TTR / Hit The Button*
- *NCETM <https://www.ncetm.org.uk/resources/54432>*
- *5 minute frenzy*
- *White Rose Maths Hub problem of the day*
- *Practice Tables Races*

# Y3 Home Learning Week 13

*Dear parents,*

*Here is an overview of the learning we would like your child to complete this week.*

*Please email me if you have any questions or would like to share any learning.*

### Writing and grammar:

- Our English journey this week takes us into space! Enjoy your trip and I would love to see any work you would like to share.
- I would like you to write a letter to the new Y3s to explain what we do in Ospreys Class. It will help you to see how far you have come and how ready you are for Y4. Please bring the letter with you on your visit.

### Reading:

Pick one of the suggested reading activities (Key Information page).

### P.E.:

Be active & learn English at the same time! This week we are focusing on inverted commas <https://www.bbc.co.uk/teach/super movers/ks2-english-inverted-commas-with-mr-smith/z62rhbk>

### PSHE:

We have a book in Ospreys Class that the children love, it is called 'Mixed'.

I have included a PDF of the book with some linked discussion points and some art activities.

Your children might have some questions about the BLM reporting they have seen and this would help support your conversations.

### Science:

This week we will be recapping our learning on rocks—in a delicious way!

Use the instructions to create different types of chocolate rock.
