### Maths:

This week's maths work:

- My Maths—make sure every piece of work has been completed. If it has go back and improve your score on previous work.
- Arithmetic test

Don't forget to use TTRS, 5 minute frenzy or My Maths games for further practice.

### Spelling & grammar:

Please finish your CGP book. Every page needs to be completed. Check your work with the answer booklet in the back of the book. This is great revision to ensure you are prepared for Year 7!

### Writing:

Because you are coming to the end of your primary school journey, it is time for some reflection. Your task this week is to create a booklet, leaflet, story or poem called MY BY BROOK STORY.

You are free to layout and design your writing however you choose. You must include information and stories about your time at By Brook. This could include trips, productions, friends and teachers.

This will be for you to keep and look back on when you are older, so think carefully about what you would like to include.

# Y6 Home Learning Summer Term 2 Week 7

## LAST WEEK!

Dear Eagles,

This is your last week of home learning. You are coming to the end of Y6 and your primary school journey!

This week is a lot of finishing off and reflecting, ready to start afresh in September in your new school.

I'm still here if you need to email.

Miss Davies :-)

#### Reading:

### **SUMMER READING CHALLENGE 2020**

Wiltshire libraries are still running the Summer Reading Challenge this year, but have created an online

platform whilst libraries are still closed. Please visit the websites below to set up. You can find book recommendations, play games and read e-books.

Enjoy :-)

### Art:

We have had so much fun this term learning about a variety of different artists and creating lots of different pieces of artwork. This has included flowers in the style of Georgie O'Keeffe, pop art in the style of Andy Warhol and waves in the style of Hokusai. I've been really impressed with everything you have created:-)

This week I would like you to learn about an abstract artist from Russia called Kandinsky. He created art whilst listening to music. Please read through the PowerPoint and watch the BBC video. I would like you to choose one of Kandinsky's pieces of art and re-create it yourself. Although his work is all abstract,

each piece if very different. Choose a piece that you really like to re-create. Think carefully about the colours, shapes and lines. Use a colour wheel to think about colours that compliment and contrast each other!

Here you will find links for extra work and quizzes. Some of these we have used in school over the last few weeks and really enjoyed!

### Science:

I have attached various science investigations that you can complete at home. These include investigating ice, salt, gases and rockets.

Complete as many as you wish!

On each document there are websites links for further learning or investigations.
