

Maths:

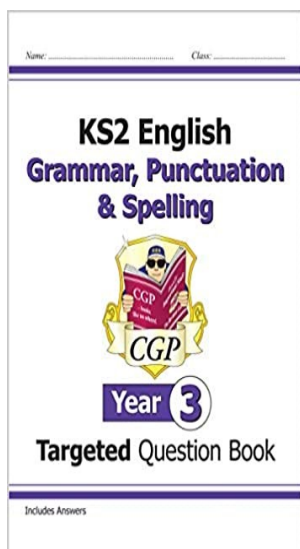

For MyMaths this week, please look at all your previous activities. If you got less than 80%, have another attempt.

Extra activities to challenge you:

- TTR / Hit The Button
- Fluent in 5
- NCETM <https://www.ncetm.org.uk/resources/54432>
- 5 minute frenzy
- White Rose Maths Hub problem of the day
- Practice Tables Races

English:

- Write a letter to the new Y3s telling them what to expect when they move to Ospreys Class. Bring it with you when you come on Tuesday.
- Go through the CGP books provided at the start of lockdown. Start working through activities that you haven't tackled yet. You can continue this over the summer. This book needs to be given to Mrs Peters when you come back to school in September so she can see how well you have done

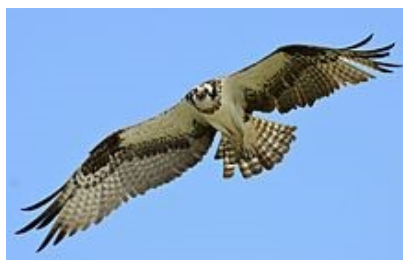

Y3 Home Learning Week 14

Dear Ospreys,

This is the last week of home learning before the summer holidays.

Well done for all your hard work over these past 14 weeks!

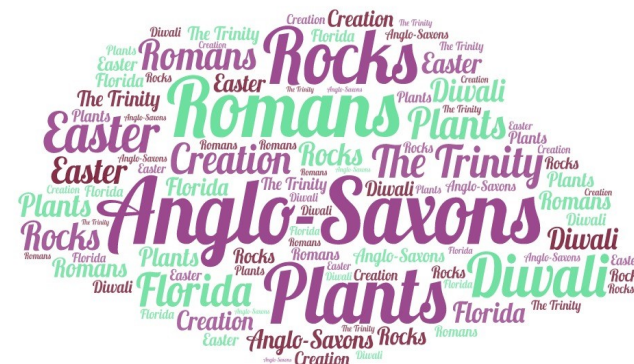

I am really looking forward to seeing you all this week.

Don't forget to bring a carrier bag with you to take all your things home from school.

Science, history, R.E. & geography:

I have attached the knowledge organisers covering all the topics we have looked at this year. Please revise these so you have a good base on which to build your learning for Year 4.

I have found a great resource to help you learn about the birds we can find in Britain and some activities to do which might help you to entice them into your garden.

I have included it into this week's home learning if you want to get involved over the summer.
