

# Why is Shakespeare still a significant figure today?

## English

We are studying Shakespeare this term, linking to our history topic. We will be learning about 3 of his plays: Macbeth, The Tempest and A Midsummer's Nights Dream. We will focusing on our creative writing as well as our reading and performance skills. Later in the term we will start our transition learning.

## Maths

We will begin the term with revision of our learning, including arithmetic. We will also be learning about converting units of measurement, ratio and algebra. Towards the end of term we start our secondary school transition work.

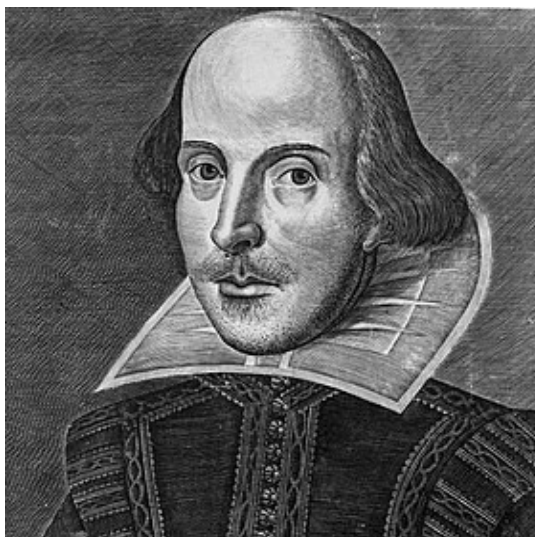

## Art

Eagles Class will be learning how art can represent our experiences. We will be exploring sculptural techniques and looking at the art of Joseph Cornell who made 3D art from found objects with personal meaning. He was one of the first artists to create 'Assemblage' art.

## Computing

We will continue to learn about online safety as we prepare for secondary school. This will include how to recognise and manage online bullying as well as how to ensure our privacy and security online.

## Eagles Summer 2024

### Class information:

**PE will be on a Wednesday & Friday this term. We will be outside doing athletics so please wear outside PE kits.**

**This includes Leavers Hoodies for Y6.**

**Reading Records will be checked on Fridays. Spellings will also be tested on Fridays.**

## PE

We will be focusing on our tennis skills this term including learning how to serve and how to use forehand and backhand shots.

## History

We are travelling to the Tudor period in History this term to discover who William Shakespeare was and what life was like for people in Tudor times. We will be learning all about the monarch during this time and comparing her to our monarch now. We will also be discovering how the public entertained themselves during the 1500s as well as Shakespeare's impact on the English language to this day.

## Science

Our focus this term is biology. We will be learning about the circulatory system and digestive systems in the body. After half term, we will move onto learning about electricity, discovering what voltage is and the effect of components in a circuit.

## RE

Our theme in RE this term is based around beliefs and moral values. We will be developing our knowledge of Islam by asking 'Does belief in Akhirah help Muslims lead good lives?'

## French

In French this tem, we will be learning how to talk about countries, transport and recapping our weather vocabulary. We will also learn how to use French verbs correctly.

# Recommended Reading List for Y6 from Mrs Whiston
