Roots to grow, wings to fly

Welcome

Introduction

School Vision

Roots to grow, wings to fly.
Planted in love, growing in wisdom;
flourishing and soaring, reaching new heights

Growing Flourishing Soaring

- Children/ Young people that enjoy reading recognise it helps with their well-being – feel less anxious, or stressed
- 54.8% of children say that their parents encourage them to read 65.8% say adults in school encourage them to read

National data

Reading at By Brook Valley

- Reading is key to every area of learning
- Book based curriculum – we want the children to love books
- Whole class reading – where every child has access to the text – sometimes parents have donated books to the school which means we have full sets in some year groups
- We want the children to have reading accuracy and understanding
- Reading out loud helps the children to develop expression and in turn understanding of text.
- Even the older children need to read aloud – good for presentations as they get older but helps to know that they understand what they are reading
- Reading at home.

Accuracy and Understanding

Reading at Home

Talk to your children about what they are reading/ what they have read

- Prediction
- Questioning
- Clarifying
- Summarising
- Using prior knowledge

How you can help

Assessment

Continually assessing through:

- Learning - engagement during the lessons
- Outcome of work done during the lessons
- Small quizzes
- Assessment points and activities planned in through the unit of learning

How do we know how your children is progressing with reading
