## Fluent in Five

## Questions and Answers

## Year 2 - Week 1

## This week in a nutshell:

Welcome to the first week of Fluent in Five in Year 2.

This week, children may need familiarising with the printed format (worksheets) of Fluent in Five in Year 2, which mimics the format of the End of Key Stage 1 Arithmetic Test.

As this is the first week of Fluent in Five, questions this week are drawn from the areas of maths which children have already explored during their Year 1 learning journey.
