

Maths:

This weeks MyMaths activities are focusing on fractions. Go through the lesson on MyMaths first and then tackle the calculations. Don't forget to have a go at some of the games on MyMaths too.

If you want any extra activities, you can still use:

- *TTR / Hit The Button*
- *Fluent in 5*
- *Rapid reasoning*
- *5 minute frenzy*
- *White Rose Maths Hub problem of the day*
- *Can Do Math resource—fractions*
- *Practice Tables Races*

Writing and grammar:

We are using parts of Fantastic Mr Fox from the brilliant Roald Dahl this week. You can subscribe to Audible for free for 30 days if you don't have a copy of the book at home and you want to know the whole story. I have included the PowerPoints to go with the lessons but if you can't access these then it isn't a problem.

Reading:

- Pick one of the suggested reading activities (Key Information page).
- Read this week's 'Picture News'. What is your opinion on what you have read?
- Check out this weeks 'First News'. You could try to complete some of their puzzles and enter one of the competitions.

Y3 Home Learning Week 5

Dear parents,

Here is an overview of the learning we would like your child to complete this week. Don't forget that Friday is a bank holiday so have some fun with your family. Maybe you could create your own VE Day party?

I will email you on Wednesday to check how you are getting on but please contact me if you have any questions in the meantime.

Art:

To join in with the VE Day celebrations, why not have a go at making your own bunting! The instructions are on this link <https://www.bbc.co.uk/programmes/>

History:

We are having a break from Rome this week because Friday 8th May is the 75th anniversary of VE Day. I would like you to watch this video to give you some information about this important event https://www.youtube.com/watch?v=Qnh7sq4pvdY&feature=emb_title&safe=active

Then complete the VE Day activity sheet.

Science:

How are your seeds getting on? Have any shoots emerged from the soil yet? Make sure you keep recording your observations. Which seed do you think will do the best? Why?

Computing:

Being at home has meant many of us are using the internet. It is so important to stay safe online. Complete the e-safety activity to make sure you know how to protect yourself.

Spelling:

Practise Y3 tricky words every day using some of the suggested activities (Key Information page).

P.E.

Use the PE newsletter for some great ideas to help you stay active this week.
